Supplier & tariff info	Average cost compared with April Price Cap & exit fees	Key info
Worth considering		
<p><u>E.on Next</u> <i>Next Pledge v5</i> New and existing customers</p>	<p>- Stays 3% LESS than every Cap (so moves with Price Cap) - No exit fees</p>	<p>Not a fix, but worth considering. This variable tariff offers a <i>fixed discount</i> off the Price Cap for 12 months. It'll stay £50 below the Price Cap, so about 3% less (at average annual use) for the fixed term. You'll need to pay by monthly Direct Debit and manage your account online. You must be willing to have a smart meter installed (where possible). Available as dual-fuel or electricity-only.</p> <p>If you were on the previous version of this tariff, you will be subject to £25 per fuel exit fees.</p>
<p><u>Outfox the Market</u> <i>Fix'd Dual Jun24 v1.0</i> 12-month fix New and existing customers</p>	<p>- 7% LESS - £50 dual-fuel exit fees</p>	<p>Available as dual-fuel only. You must pay by Direct Debit and manage your account online.</p>

<p><u>British Gas</u> <i>Fixed Jul 25 v3 / Fixed Tariff 12M v6</i> 12-month fix New and existing customers</p>	<p>- 5% LESS - £100 dual-fuel exit fees</p>	<p>Available as dual-fuel, electricity-only or gas-only. Smart meters not required.</p> <p>British Gas is also offering half-price electricity until 8 September 2024 on Sundays to some eligible customers. For full info, see the Get paid to cut your energy use guide.</p>
<p><u>Octopus Energy</u> <i>Octopus 12M Fixed June 2024 v1</i> 12-month fix New and existing customers</p>	<p>- 3% LESS - No exit fees</p>	<p>There are no exit fees, so you can always move if you find you're paying too much. It's available as dual-fuel, electricity-only or gas-only, and smart meters are not required.</p>
<p><u>Outfox the Market</u> <i>Super Fix'd 12m Jun-24 v1.0</i> 12-month fix New and existing customers</p>	<p>- 2% LESS - £50 dual-fuel exit fees</p>	<p>Available as dual-fuel only. You must pay by Direct Debit and manage your account online.</p>
